**DECLARATION OF CRISTIN O'KEEFE**

---

I, Cristin O'Keefe, hereby declare as follows:

**POSITION AND JOB RESPONSIBILITIES**

1. I am a Loan Analyst in the Litigation Department, Federal Student Aid, U.S. Department of Education ("Education"). I have held this position since April 2016.

2. As a Loan Analyst, my responsibilities are to assist United States Attorney Offices with both Federal District and Bankruptcy Court litigation involving student loans. The litigation support provided includes, but is not limited to, to the following: providing information on the individual's loan history (including repayment history and forbearance/deferment history) and loan programs, preparing responses to discovery requests, providing responses to interrogatories and requests for production of documents, providing information regarding repayment options available to borrowers, providing testimony either in person or by submission of a declaration/affidavit, and facilitating settlement.

3. In the course of performing my responsibilities, I have become familiar with the various types of loans authorized by Title IV of the Higher Education Act ("HEA") of 1965, as amended and made by banks, by institutions of higher education, and by Education, and now held and collected by Education. I am familiar with (a) how Education receives information and creates and maintains records related to those loans, (b) the various repayment plans and deferment/forbearance options available to Title IV borrowers, and (c) the administrative discharge options offered pursuant to the HEA.

4. As part of my job responsibilities as a Loan Analyst, I often also request, obtain, and review documents and information from Education's loan servicers concerning the loan histories and servicing records of particular borrowers.

## **OVERVIEW OF WILLIAM D. FORD FEDERAL DIRECT LOAN PROGRAM**

5. The William D. Ford Federal Direct Loan Program (“Direct Loan Program”) is authorized under Title IV, Part D of the HEA. Loans under the Direct Loan Program first became available on July 1, 1994.

6. Four types of loans are offered under the Direct Loan Program: Direct Subsidized, Direct Unsubsidized, Direct PLUS (Parent Loan for Undergraduate Students and Graduate/Professional Students) and Direct Consolidation loans. Each type of loan has terms analogous to its counterpart under the Federal Family Education Loan Program (“FFELP”) under Title IV, Part B of the HEA.

7. Under the Direct Loan Program, Education provides loans to qualified borrowers to facilitate their attendance at eligible postsecondary schools. Loan proceeds are provided to the school by electronic funds transfer (“EFT”), and are disbursed by credit to the student’s account at the school. Some funds may be disbursed by the school directly to the borrower.

8. In the event of a borrower’s default in repaying his/her Direct Loan, Education transfers responsibility for servicing the Direct Loan from its federal loan servicer to Education’s Default Resolution Group, which pursues collection of the defaulted Direct Loan as it does other defaulted Title IV, HEA loans transferred from federal loan servicers or assigned from guaranty agencies and schools.

9. After default, Education engages in legally available collection efforts, including dunning letters, referral to private collection agencies, Treasury Offset Program (“TOP”), Administrative Wage Garnishment (“AWG”), and, as a last resort, litigation.

10. Direct Loan Program loans may be administratively discharged, either partially or completely, on several grounds including: death, total and permanent disability, closed school, false certification, and unpaid refunds. To obtain an administrative discharge, borrowers submit a loan discharge application to Education.

## **TEACH GRANT LOAN CONVERSION AND OUTSTANDING FEDERAL LOANS OF PLAINTIFFS SERVICED BY PHEAA**

11. As part of my responsibilities on this case, I requested information from Education’s servicer, the Pennsylvania Higher Education Assistance Agency (“PHEAA”), also known as FedLoan Servicing, about the loan payment and balance histories of the 13 named Plaintiffs in this case.

12. Specifically, I asked PHEAA to compile, from its loan history and servicing records, a spreadsheet showing what, if any, payment amounts each named Plaintiff had made on any loans that were converted from TEACH grants into unsubsidized loans. On March 7, 2017, in response to this request, PHEAA produced a spreadsheet with tabs for each named Plaintiff, showing the requested information. The individual tabs of this spreadsheet, printed and identified by Plaintiff name, are attached to this Declaration as Exhibit A.

13. Further, I asked PHEAA to compile, from its loan history and servicing records, documents showing the outstanding principal balance of each Plaintiff's federal loans serviced by PHEAA, if any, including the portion of the loans attributable to converted TEACH Grant loans. Relevant portions of these documents, printed and identified by Plaintiff name, are attached to this Declaration as Exhibit B.

14. My review of the documents contained in Exhibits A and B revealed the following with respect to loans of the Plaintiffs serviced by PHEAA:
